FOUR MEN ARE LYNCHED

MOB AT ADA, OKLAHOMA, MADE
SHORT WORK OF SUSPECT-
ED MURDERERS.

SHERIFF WAS OVERPOWERED IN JAIL

Doomed Men Were Then Taken to a
Barn and Hanged—Were Charged
With Killing Prominent
Cattleman in February.

Ada, Okla., April 10.—Early this morning a mob of 200 men stormed the county jail here, overpowered the sheriff and lynched four white men.

The lynched men are: J. B. Miller, of Fort Worth, Texas, charged with the murder of A. A. Bobbitt, a wealthy cattle man of this section; E. F. Brown, Jesse West and Joe Allen, his alleged accomplices. The mob worked quietly and rapidly and nothing was known generally of the lynching until daylight.

The victims were hanged in a barn within a short distance of the jail.

The mob gathered about 2:30 o'clock and proceeded to the jail. The leader pounded on the jail door.

"Sheriff, we mean business," he called to the officer inside.

"You might as well go home, boys," the sheriff answered. "I will never open this door. Duty is duty. I am here to observe the law and to protect these men."

For reply, three or four sturdy members of the mob fell against the door, breaking it in.

Once inside one of the mob dealt the sheriff a blow with a revolver, felling him, after which the mob completed its work.

Bobbitt was killed February 27, 1909. He was driving in a wagon a few miles out of Ada, when he was shot from ambush. The assassin escaped on horseback. There was no evidence except the horseshoes on the murderer's animal, which had been removed a few miles from the scene of the crime. Miller and his companions were suspected at the time of knowing who committed the deed.

Walter Peeler, aged 17, was confined in the jail for complicity in the murder, but he was not molested by the lynchers. He turned state's evidence a week ago and was being held as a witness. In the mob, it is said, were many prominent citizens of Ada.

The authorities allege that Allen and West, who were wealthy cattlemen, of Canadian, Texas, hired Miller to kill Bobbitt and that Brown paid the money to Miller. Allen, West and Bobbitt were neighboring ranchmen in Seminoe county, and the trouble is alleged to have been due to an old disagreement.

STRUCK BY LIGHTNING

The Home of Mrs. George E. Dugan
Sunday Forenoon.

Mrs. George E. Dugan's two-story residence, situated at the northwest corner of Fourth street and Harrison avenue, was struck by lightning at 10 o'clock Sunday forenoon. The damage was about \$100.

Mrs. Dugan, who occupies the dwelling, was downstairs at the time, but sustained no shock by reason of the bolt.

The lightning struck the front part of the roof, tearing off part of it.

Ornaments from the top of the house were knocked to the ground, while the front part of the house from the roof to the intersection of the first floor was split open.

THE "OUTLAW" LEAGUE

Season Is to Be Opened on Saturday,
the 8th of May.

"Jack" Sweeney, president of the new Outlaw league, and Drummond Brown, of Kansas City, who is to assume the management of the Sedalia team, arrived from the Kaw river city at noon today.

Both are in conference with H. V. Leist this afternoon relative to the local baseball situation.

Mr. Brown is a gentleman of pleasing personality, who resigned a good position in Kansas City to become manager of the Sedalia team.

Accompanied by Mr. Leist, tomorrow, he will begin soliciting subscrip-

tions from Sedalia merchants with a view of raising \$500, which sum is needed for the starting of the team.

Of this amount, \$300 is to be put up as a guaranty that the club will continue through the season, while fully \$200 will be required to purchase uniforms, transportation for the Sedalia players to get here, their board bills, etc.

Mr. Brown, in conversation with a Democrat-Sentinel representative, today stated that he has a list of excellent ball players, who can "deliver the goods" and if he receives the support from Sedalia that it should extend he will put up first-class baseball in this city this year.

The season will open on Saturday, May 8.

SURPRISE FROM PULPIT

"I DON'T CARE TO PREACH TO
PEOPLE WHO GO TO SLEEP
DURING THE SERVICES."

A PASTOR'S DISCOURSE THEN CUT SHORT

Rev. R. C. Miller, Pastor of the East
Sedalia Baptist Church, Gave His
Flock Something to Think
About on Sunday.

"I don't care to preach to people who go to sleep during the services." With these words the Rev. R. C. Miller, pastor of the East Sedalia Baptist church, suddenly terminated his sermon at Sunday morning's service.

Glancing over the edifice during the course of his discourse, the Rev. Miller noticed several church members apparently half asleep. Others sat drowsily in their pews.

The sermon was almost completed, when Rev. Miller, to emphasize the fact that sleeping in church is not a holy practice, made the foregoing remark.

He then concluded his sermon. Many of the parishioners were startled, but others viewed the situation philosophically.

Services then proceeded as though nothing had happened.

THE MINISTERS' ALLIANCE

Takes Action in Behalf of State-Wide
Prohibition.

The Ministers' Alliance met with a fair attendance at the First M. E. church this morning.

A committee consisting of Rev. S. M. Leshar, Rev. D. M. Claggett and Rev. R. C. Miller was appointed to arrange the details for the annual feature at the close of this year's meetings of the Alliance.

Resolutions were adopted instructing the officers of the Alliance to send telegrams to Senator Holmes Hall, of this city, the president of the senate and the lieutenant governor, asking them to use every effort to have the prohibition bill passed.

The scheduled discussion of "The New Theology" was postponed.

THE THEFT OF A MAIL SACK

Secret Service Man Departs to Investigate
the Case.

N. P. Kemp, of the secret service department of the Missouri Pacific, and H. P. Mayhew, a postoffice inspector, were passengers to Independence this morning to investigate a United States mail pouch robbery.

On April 14 a mail sack, which had been cut open, was found by a mail carrier in the yard of a vacant house near the Independence depot. A portion of the mail had been rifled, while many letters addressed to Kansas City bankers had been untouched.

The mail sack was thrown from a Missouri Pacific train on April 5. Among its contents were three registered letters. One of these was missing. The other two were intact. The missing letter was from St. Joseph.

City Got Another Check Today.

F. S. Leach, manager of the Home Telephone company, today handed to John Brandt, city treasurer, a check for \$102.95, that amount being 2½ per cent of the gross receipts of the company realized up to Jan. 1, 1909.

New Rate on Rock Island.

Announcement is made that 2½c fares will become effective on all Rock Island lines in Arkansas May 1. The other railroads of the state are expected to follow.

ENGINEER MOTZ IS DEAD

HE DIED AT THE M. K. & T. HOS-
PITAL THIS MORNING OF
BRAIN TROUBLE.

WAS TAKEN ILL WEEK AGO LAST THURSDAY

Belonged to the B. & L. E. Masons
and Elks—Survived By Widow
He Married October 27—
Funeral Not Fixed.

Homer J. Motz, a Missouri Pacific locomotive engineer, whose critical illness was chronicled in Sunday's Democrat-Sentinel, died from brain fever at the M. K. & T. railway hospital at 11 o'clock this morning.

Mr. Motz was 31 years old and was married on Oct. 27, last, to Miss Hannah Shea.

On the afternoon of Thursday, April 8, he came in from his run, complaining of being ill and feeling drowsy. His condition grew worse, and Dr. M. T. Collins was summoned. The latter pronounced the illness brain fever.

Last week Mr. Motz's condition became aggravated, and Saturday he was pronounced at death's door.

Sunday afternoon he was removed from his home, 423 East Broadway, to the railway hospital, where he expired at the hour stated.

Besides his bride of a few months, Mr. Motz leaves a brother, Will Motz, employed as a fireman by the Missouri Pacific.

Deceased belonged to the B. & L. E. Masons and Sedalia lodge No. 125, B. P. O. Elks.

The funeral will be held from the house next Wednesday, but other arrangements have not yet been completed.

"THIRTY" FOR HARRY COE

Body of Well Known Telegrapher to
Be Buried Here.

Harry Coe, a former Sedalian and one of the most efficient telegraph operators that ever handled a key in the west, died in Kansas Saturday. He was 48 years old. Death was brought on by a general breakdown of the system.

Harry was a son of the late Mrs. E. A. Coe, who up to the time of her death had been secretary of the Associated Board of Charities for several years.

Harry has a wife and a son, Harry, jr., who attained distinction as a cartoonist and a list. The latter is now thought to be in St. Louis.

Mr. Coe's body will be brought here tomorrow and will be interred in Crown Hill cemetery.

Many Sedalians will remember the deceased, who spent several years of his life in the Queen City.

SALOME DANCE AT M. S. U.

"Aggies" County Fair Will Show the
Real Thing.

Columbia, Mo., April 19.—The "Aggies" of the University of Missouri will give their annual county fair tomorrow.

This is the "stunt" of the college of agriculture. To it all the students of the university go and spend their pennies for admission to the innumerable side shows along the Pike. These side shows are "take offs" on side shows seen at Missouri county fairs.

A Salome dance, mud-eating man from the Nile, negro minstrels, Irish show, home for devils, shoot the chutes, crazy house, petrified woman and a show for "men only" are included. A member of the senior class declares the Salome dance will be genuine.

The street parade held in former years will be omitted this year in order to save \$200 for better side shows. A genuine scenic railway is being constructed by student labor.

Condition of Mr. Bowers.

The condition of Joseph A. Bowers, out-of-town circulator for the Democrat-Sentinel and former sheriff of Pettis county, who came home Saturday afternoon from Knob Noster and Lamonte very ill, is practically unchanged today.

He is unable to talk, but recognizes those around him. He lies in a stupor, but suffers no pain. His cough-

ters, Misses Mary and Bessie, teachers in the public schools, are at his bedside.

The only explanation of the complete collapse of the patient is grief over the recent death of his wife while he was at Cole Camp on a business visit on Tuesday, March 23.

Fined by Judge Gresham.

Two Sweet Springs negroes, arrested Saturday night for drunkenness, were fined \$5 each by Police Judge H. M. Gresham today.

Twenty Days in Jail.

Andrew J. Smith was given twenty days in jail by Judge Leaming today for disturbing the peace.

A VERDICT FOR SULLIVAN

\$2,500 FOR IRISHMAN WHO WAS
MISTREATED BY THE PO-
LICE IN KANSAS.

AN INTERESTING CASE AT JUNCTION CITY

Was Arrested On Suspicion of Having
Stolen a Diamond Ring He
Had Paid For—Got Judgment for \$2,500.

Topeka, April 19.—Sam Sullivan, an Irishman, has obtained a \$2,500 judgment against the police officers of Junction City in the federal court, and his attorneys have taken a copy of the judgment to that town to file it. They will levy on the property of the officers and feel sure they will be able to collect the amount.

At the trial Sullivan showed that he was badly treated by the police force of Junction City. He was arrested on suspicion of stealing a diamond ring which he had paid for and was then fined for carrying a concealed weapon.

His weapon consisted of a pocket knife. It was one inch shorter than the knife Judge Pollock carries and smaller than every knife carried by the twelve jurors. He contended that the police officers simply juggled justice in hope of getting his diamond ring.

Attorney General Jackson and John Dawson, secretary to the governor, represented the police officers, but they couldn't get anywhere with their defense.

ALDRICH OPENED DEBATE

Assures Senate That Tariff Bill Will
Produce Ample Revenue.

Washington, April 19.—In opening the debate in the senate on the pending tariff bill today, Senator Aldrich, chairman of the committee on finance, assured the senate in most positive terms that the bill reported from the finance committee would produce ample revenue for the government.

He suggested that if by any possibility these estimates should prove incorrect the duty of congress would be to "reduce expenditures and make them conform to the actual revenue conditions."

ROBBED FREIGHT TRAINS

Four Arrested and Leader's Confes-
sion Implicates Business Men.

Omaha, Neb., April 9.—The arrest Wednesday last at Laplatte of four men in a house in which was found \$2,000 worth of goods alleged to have been stolen from freight trains, was followed today by a confession from the leader of the gang which is said to implicate several prominent Omaha business men to whom plunder has been sold.

Will Organize a Lodge Here.

Owl Nest lodge No. 1192, Order of Owls, with a charter membership of about thirty, will be organized in Sedalia Friday night, April 23.

James F. Nelson, national organizer, and Harry Willis, assistant organizer, are in the city instilling interest in Sedalians, and will perfect the organization at the Eagles' hall on the date mentioned.

Officers will be elected and other details incidental to the organization will be perfected.

The organization has sick, accident, funeral and social benefits.

TRASHY BOOKS ARE BAD

SO SAID THE REV. GRANT A. ROB-
BINS IN HIS SUNDAY MORN-
ING SERMON.

HE PREACHED AT THE FIRST M. E. CHURCH

Text Taken From the 13th and 14th
Verses of the 3d Chapter of St.
Paul's Letter to Philippians
—A Strong Sermon.

Rev. Grant A. Robbins, pastor of the First Methodist Episcopal church, chose for a text Sunday morning from which to deliver a strong, earnest, good sermon the 13th and 14th verses of the third chapter of St. Paul's letter to the Philippians, "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting the things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Rev. Robbins strongly urged his congregation in the direction of Christian activity, assuring them that retirement from active work in behalf of the advancement of Christ's kingdom would result in loss of spiritual vigor and power.

He gave many excellent illustrations to prove this truth. He also touched upon the benefit of good wholesome literature as a potent factor in character building, and advised his hearers to throw aside all light, trashy books and to read only those from which they might derive benefit. He mentioned the effect upon his own mind of Dr. Drummond's "Natural Law in the Spiritual World," and of Jacob Reiss' great book, "The Making of an American."

The sermon was easily within the mental reach of the entire congregation, illustrative of the pastor's declaration, "I am going to preach for and to be the pastor of all the people who belong to this church."

Rev. Robbins appears to be of a sympathetic nature, of optimistic temperament, thoroughly alive in every fibre of his being, as well as comprehensive in his outlook for the best in his field of labor. It goes without saying that he will be very popular with his congregation and the people of the city outside his church with whom he comes in contact.

THE SEDALIA GUN CLUB

Will Begin Second Annual Tourna-
ment Tomorrow.

The second annual tournament given by the Sedalia Gun club will begin at Liberty park tomorrow. Two hundred marksmen from all parts of the United States will take part.

Among the noted shooters are: C. G. Spencer, champion of the world; George Maxwell, the one-arm shooter; J. Hoyt, representing the Dupont people; Fred Gilbert, champion live bird shooter of the world; Fred Rogers, of the Peter Shell company; William Clay, another champion; W. L. Moore, of Kansas City; James Head, of the U. M. C. company; W. H. Heat, representing the same firm; James Gemmer, representing the Winchester people; J. Crosby, the long run champion; Arthur Killam, the Dupont expert; Denny Holland, last year's champion shooter of the world; Dave Elliott, of Kansas City, representing the Peter Shell company; "Jack" Cudahy, of the Cudahy Packing company; Joseph Beelman, of the Hammond Packing Co. of St. Joseph; Carl Borgelt, champion of the St. Joseph Gun club in 1906.

The tournament will begin promptly at 9 o'clock tomorrow morning, to be concluded late Wednesday. There are to be twelve events each day and the Sedalia Gun club has added \$200.

Social Session Postponed Again.

Owing to the death of Brother Homer J. Motz, whose funeral will occur Wednesday, the Elks' social session that was to have been held that night has been postponed.

Owes Mr. Hartenbach \$36.

It is not surprising that local union musicians decline to play for attractions at the Sedalia theater under the present management.

Among the creditors of the theater is Charles Hartenbach, leader of the Second Regiment band, who has an

individual bill of \$36 against the Sedalia theater.

Mr. Hartenbach lives at Georgetown, but he came to this city in all kinds of weather to play at the theater, not getting home until midnight, and to get "stung" to the tune of \$36 under such circumstances is not very pleasing, to say the least.

Bank Robbers Got Away.

Bartlesville, Ok., April 19.—Two robbers today dynamited the Bank of Havana, Kas., near the Oklahoma line. They fled on a handcar. They were arrested by Policeman Morton, but overpowered the officer and escaped again.

TWOWORTHLESS CHECKS

GROCERS DOING BUSINESS ON
THE "NORTH SIDE" ARE
THE VICTIMS.

SIGNED "SEDALIA CONSTRUCTION CO."

Payable to "Eddie Jones," a Negro—
Each Check Was for \$11.50—Made
Two Purchases of \$1.85 Each
and Was Given Change.

Two checks on the Citizens' National bank, aggregating \$23, bearing the forged signature of the Sedalia Construction Co., by E. Dean, were passed on Pfeiffer & Light, grocers, at 100 West Pettis street, and W. F. Wolfe, a grocer at Pettis street and Ohio avenue, about 9 o'clock Saturday night.

The checks were discovered to be forgeries this morning.

The man who executed the work was a negro about 25 or 30 years old. Each check was for \$11.50, made payable to Eddie Jones.

At the hour stated the negro entered Pfeiffer & Light's store and made purchases amounting to \$1.85. The balance of the \$11.50 check was given him in change.

The negro then proceeded to Mr. Wolfe's store, where he made a purchase of a similar amount.

A check identical to the one passed on Pfeiffer & Light was tendered in payment.

After deducting the amount of the purchase, the proprietor handed the change to the negro, who disappeared.

There is no clew.

STALLION NOT STOLEN

The Animal Strayed Away From the
Farm of C. A. Krueger.

C. A. Krueger's German coach stallion, valued at \$200, which disappeared from Mr. Krueger's pasture, four miles west of town, last Thursday night, has been located at the home of Smith Rissler, six miles northeast of Sedalia, to whose farm the animal strayed last week.

Today Sheriff Henderson received a telephone call, stating that an animal answering the description of the missing equine had found shelter at Mr. Rissler's home.

Sheriff Henderson inquired at Mr. Rissler's premises and learned that a stray horse had been there for several days.

The animal will be returned to its owner.

EDITOR GEORGE A. COOK

FORMER SEDALIAN WHO HAS AC-
COMPLISHED MUCH OUT
IN WYOMING.

BOUQUET FROM THE CHEYENNE TRIBUNE

Not Only Does the "Old Man" Write,
but Also His Better Half and His
Eldest Daughter, Miss
Leslie Cook.

George A. Cook, a former Sedalia newspaper man, who for the past eight years has filled the position of city editor of the Laramie, Wyo., Evening Republican with credit to himself and his employers, is written of as follows in the Cheyenne Evening Tribune of April 14:

No one questions the right of George A. Cook to the laurels that belong to the best newspaper reporter in Wyoming. Mr. Cook has been city editor of the Laramie Republican for the past eight years, landing at Laramie from Missouri. W. E. Chaplin, editor of the Republican, says that Cook began to hit the ball the day that he arrived, and the reputation of the Republican for being one of the newest papers in Wyoming shows that G. A. has maintained his batting average ever since.

When the Tribune saw the opportunity to get out of the country daily class, and started in to be a newspaper of state-wide circulation, influence and interest, G. A. Cook was the first out-of-town correspondent secured, and this month ends his eighth year as Tribune correspondent.

Everybody in Laramie knows Cook, and likes him, especially the railroad men and the preachers, and the University faculty and the students, and the grocers and the politicians, and the people of the court house, and the ranchmen and the schoolboys, and the women and the mayor and the Tallmadge-Burnin Land Co.

As a result there isn't much that gets by, and many a good story worked up in Cheyenne by Tribune reporters is first "tipped off" by a hint from Cook.

His abounding industry and enthusiasm in his work has been communicated to his family, and Mrs. Cook now handles the society columns of the Republican and Miss Leslie Cook from time to time contributes a very interesting column of University news, she being a student there, and she also sent in a delightful series of letters regarding the tour of the University Girls' Glee club.

"Blessed," says Elbert Hubbard, "is the man who has found his work," and if this be true, thrice blessed is George Authentically Cook, and the Republican can also pride itself on having on its staff a man whose years in harness have not dulled his sense of news, nor dampened the order of his enthusiasm.

WERE MARRIED AT 5:30

Had Picture Taken, and Wedding
Breakfast Followed.

The marriage of Wensel Straka, a farmer near Cole Camp, and Miss Clara Mier, of this city, was solemnized by the Rev. Fr. Nelberg at Sacred Heart Catholic church at 5:30 o'clock this morning, in the presence of a number of friends, including members of the Sedalia society.

Nuptial mass was celebrated, during the course of which the wedding occurred.

Francis Mier and sister, Miss Anna, served as groomsmen and bridesmaids, respectively.

The couple had their picture taken later at Meredith's, and a wedding breakfast at the bride's home followed. The couple will go to Cole Camp to live, carrying with them the best wishes of a host of friends in Sedalia.

BURIAL OF THE SUICIDE

Obsequies over the body of Joseph Hamden, the Syrian, who committed suicide Saturday, were conducted under the ritualistic exercises of the Fraternal Order of Eagles, at the Sedalia Undertaking company's chapel at 10:30 o'clock this morning.

At the conclusion of the ceremonies the body was interred in Crown Hill cemetery.

A number of out-of-town acquaintances of the dead man arrived in Sedalia Sunday to attend the funeral.

Fair tonight, with frost; cooler east

BUBBLE CERTAIN TO BURST.

It is evident from the convulsions
of the market that the wheat specu-
lative stage, when "King" Patton was
forced to buy up the enormous quan-
tity of 3,000,000 bushels inside of a
few minutes to prevent a collapse, it
was a confession that the price ele-
vation had reached the point where it
could only be sustained by artificial
means.

Patton has insisted all along that
natural conditions, the law of supply
and demand, alone caused the mount-
ing quotations on wheat and he has
vigorously denied that he held a cor-
ner in the market or that he was try-
ing to manipulate it. His actions last
week proves the falsity of his asser-
tions.

The truth is that he has been buy-
ing, buying, buying to force the price
up, regardless of the crop conditions
or anything else. He may have un-
loaded a few million bushels now and
then at a profit, but he is still "long"
on the market—long enough to in-
vite disaster the moment the tide
turns. He has not made a colossal
fortune out of his enterprise, but he
has got a colossal stake in it that is
hanging by a thread. Patton can't
blow the bubble much larger without
its bursting.

It is evident from the wavering sky
line of prices that they have reached,
if not passed, the point where arti-
ficial props can hold them up. If there
were no speculation in the movement
it would sustain itself. But it is an
indisputable fact that Patton has put
the price far above natural laws, and
to prevent a break he must keep on
buying.

It is as Secretary Wilson says: To
successfully corner the wheat market
one has to keep buying and buying.
Finally, the time comes when there can
not buy any more, and then there is
the smash.

The wheat cornerer takes account of
only one side of the market. He fails
to see that he is building a castle on
a foundation that must be removed
before he can realize. The moment he
jerks away the foundation down tum-
bles the castle. Patton has about
reached the end of his resources. If
he were right in his assertion that
demand and supply were the controlling
factors it wouldn't be necessary
for him to buy 3,000,000 bushels at a
clip at the first sign of decline. He
could sit back serenely in his chair
and laugh at the poor judgment of his
associates, confident in the knowl-
edge that the actual scarcity of wheat
would force a recovery and that he
would sell when he pleased at a pro-
fit.

Wheat prices naturally are high,
but not so high as the present specu-
lative wave would indicate, and there

is going to be a retributive settle-
ment soon.

The idea of providing free text
books in the public schools seems to
be growing, many large cities
throughout the country having adopt-
ed the plan where the state has no
law to that effect.

Of course, there are those who op-
pose the proposition on various
grounds, one of the chief of which is
that the idea is socialistic.

Whether this is so or not depends,
of course, upon the point of view. So-
cialism is a term that means anything
and everything, according to the
wishes of its user. Probably there is
no word employed today with so
much license and so little discrimina-
tion as socialism. It is affixed to this
and the other without regard to
its applicability. It is constantly seized
upon by persons who wish to con-
demn a thing or policy and who re-
garding the word as conveying the
maximum of that which is obnoxious.
Out of the varying and conflicting
ideas as to its scope, it is difficult to-
day to define its meaning with exact-
ness and satisfaction. Its random use
has obfuscated the public mind, and
even its advocates are not agreed as
to its precise limitations.

Socialism, as originally defined, is a
purely economic doctrine, applying to
land ownership and productive capi-
tal. In late years, however, the exer-
cise of paternalistic functions by the
government has been included by many
within its province. Almost any ac-
tivity in which the state engages for
the benefit of the public is liable to
be denounced as socialistic by its op-
ponents. This is the only justification
that can be found for criticizing the
free text book bill as a tendency to-
ward socialism.

As a matter of fact it has no more
to do with the theories or practices
of socialism than has the furnishing
by the state of educational facilities
of any character. It might with equal
propriety be urged that the appropria-
tion of state taxes for the employ-
ment of teachers is a diversion of the
public funds to socialistic purposes, or
the building of school houses and
their equipment with necessary sup-
plies.

Our public schools, which are main-
tained at great expense to the public,
are free. The providing of free text
books merely carries the idea a step
farther to popular education without
personal or direct cost. The only
questions involved are whether it is
advantageous to the system and whether
it is acceptable to the taxpayer.
There is not a suggestion of socialism
in it.

The tariff and tax revisers in con-
gress are plainly counting upon a re-
turn of business prosperity early
enough to prevent much further ac-
cumulation in the revenue deficit.
The treasury department notes marked
improvement in customs receipts
within a month, and if it continues,
in that case new taxes will not be
necessary. But it seems to be forgot-
ten that government expenditures are
now on a scale to make the revenue
of the prosperity period before the
panic hardly sufficient. More taxes
must be imposed, whether prosperity
returns right away or not, unless con-
gress cuts down appropriations.

LIFE
AND THE GAME

LIFE is like a game of
chess. The disappoint-
ed man may find that
his particular game is a failure,
because he sits waiting for
somebody else to make a play
when it's his own move. Things
seem to have gone wrong gen-
erally. The other man has the
bank account. The other man
makes the wise investment.
The other man annexes to him-
self all the desirable things of
life. What's the trouble? Have
you forgotten your part in the
game?

Don't sit watching his bril-
liant moves and allow your own
opportunities to get cornered.
Take a hand in the game.
Start an account with us and
get so in earnest, so absorbed
in the game that you compel
others to watch. That's the
way to win. It's your move

BREAD TO COST SIX CENTS

Chicago Bakers Plan to Advance the
Prices May 1.

Chicago, April 19.—A cent a loaf is
the toll which it is proposed to exact
on all bread sold in Chicago after May
1 as a result of the sensational ad-
vances in the price of wheat, following
the deals of James A. Patten and other
big bull speculators on the board of
trade.

The proposed advance to six cents
a loaf was announced yesterday by
Mathias Schmidinger, president of the
Chicago Master Bakers' association,
who declared that fifty bakeries in
the city had been forced to close in
the last few weeks because of the
high price of flour and the refusal of
the mills to extend credit.

College Students Suffered Convulsions
Presumably From Milk.

Des Moines, Ia., April 19.—Seven
Des Moines college co-eds and seven
men students are suffering convul-
sions and one may die following an
attack of mysterious poisoning after
dinner at the Kamaraderie and Al-
truria clubs Sunday.

Milk is the one article of diet taken
in common by all the fourteen suf-
ferers, but an examination of the fluid
by W. S. Frisbie, state chemist, and
H. R. Wright, state dairy commis-
sioner, disclosed no ptomaines or other in-
jurious bacteria. Mr. Wright said he
believed tyrotoxin poison in the
milk was responsible for the attack.

WOMEN MAKE SACRIFICE

SPRING HATS IN AN ELGIN, ILL., CHURCH ARE REMOVED BY DECREE.

FEW RESENT RULING OF CONGREGATION

But When Minister Makes Pointed Remarks Heads Are Bared and in Very Short Order the Men Smile.

Elgin, Ill., April 19.—There was an almost hatless congregation of women at the First Baptist church at Elgin Sunday morning. With remarkable submission the women bowed to the vote of the congregation last Wednesday evening, requesting them to remove their headgear during services, and when the pastor began his

sermon practically all of the 400 women present sat with heads bared.

Lest they forget the recent ruling, the following special announcement appeared at the head of the weekly calendar:

"By a vote of the church all women are requested to remove their hats before the beginning of the sermon."

Only about fifty women showed unwillingness to comply with the request, and for their benefit Rev. A. F. Purkiss addressed a few introductory remarks in these words:

"I rejoice in the action of the church for two reasons," said the pastor. "If I had a garden I would not like to have some one's chickens scratch it up. Obstructing the view of others in church by wearing hats amounts to the same thing, and those who want to see have as much right to ask that the hats be removed as I would have to ask the chickens to keep out of my garden."

"In the second place, the action of the church is a profound religious blessing. If we can see each other

we will get a religious force and power which we can get in no other way. I see some faces today which I have never been able to get a glimpse of before, and I did not know that there were so many good-looking women in the congregation. The ruling of the church applies to everybody."

There was a hurried rustling as the women who still wore their hats got busy with their hat pins, and the men smiled at their endeavors. Large and small hats, even bonnets, were off in a few moments.

PREPARING TO MARCH ON

Soldiers of Young Turks to Continue Their Aggressive Movements.

Constantinople, April 19.—It is believed here that troops loyal to the young Turks that have concentrated outside of Constantinople will soon march on Yildiz Kiosk, with the object of forcing the abdication of the sultan.

The leaders of the young Turks' forces have issued orders that the lives and property of all foreigners and Christians in Constantinople be adequately protected.

ELOPERS WITH A DIPLOMAT

Wife of Berlin Millionaire, a Former Vaudeville Star.

Berlin, April 19.—Aristocratic society here was shocked by the report that Mrs. James Bleichroeder, a former vaudeville star, had eloped with the secretary of a South American legation.

It is alleged that the couple have fled to Rome, taking funds and jewelry belonging to Mr. Bleichroeder worth a king's ransom.

Bleichroeder is one of the best-known millionaires in Berlin. He and his wife have moved in the most exclusive circles of society. They maintained a mansion which was conducted with almost royal splendor, and their dinners and entertainments were attended by the highest members of

the nobility. Their domestic discord, however, has been the subject of gossip all winter.

"CIGARETTE" BAKER IS BACK IN INDIANA

An Exciting Scene in the Hoosier Legislature Recalled When Bribery Accusation Was Made.

Indianapolis, Ind., April 19.—O. A. Baker, known as "Cigarette" Baker, who has been a fugitive from Indiana for four years, arrived here last week and gave himself up to the local authorities.

There is an old indictment against him with attempting to bribe the late Representative Ananias Baker, of Rochester, to vote against the Parks anticigarette bill.

"Cigarette" Baker was a well-known lobbyist for a large tobacco concern and conspicuous around the Indiana legislature for several years. He was at one time a member of the senate.

Representative Baker, in the midst of an exciting debate, startled the house by waving a sealed envelope which he said was given him by "Cigarette" Baker.

The envelope was found to contain \$100.

"Cigarette" Baker fled before the local authorities could locate him. The state offered a reward of \$3,000 for his capture and return, but he went to Canada.

No effort was made to extradite him, but several attempts were made to trap him. Governor Marshall withdrew the state's reward on the death of Representative Baker, but the indictment stands. However, the prosecuting witness is dead and there is no one to prove that "Cigarette" Baker made the alleged offer.

He landed in this country from Europe last week and is looking fine. His bond of \$5,000 was signed by John W. Kern. Baker returned to his home at Marion. He refuses to discuss his case.

Good English.

A French lady living in America engaged a carpenter to do some work for her at a stipulated price. She was surprised later to find that he charged more than the price agreed upon. When she attempted to remonstrate with him, however, her English failed her and she said: "You are dearer to me now than when we were first engaged."—Success.

CHILD-WIFE WANTS MAMMA

Judge Warns Husband to Keep Away From Infant Spouse.

Memphis, Tenn., April 19.—C. S. Rittmeyer, a plumber, lost his wife in the city court Saturday. Rittmeyer married a 14-year-old girl, and Saturday the child-wife and her mother appeared before Municipal Judge Floyd to prosecute the husband on the charge of cruelty.

"I don't want him any more," said the youthful Mrs. Rittmeyer. "He wants me to leave mamma and live with him. But I won't do it."

Judge Floyd decided that it would be better for Rittmeyer to keep away from his wife, and so warned him.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of this now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Tuberculosis

THE GREAT IMPORTANCE OF ITS EARLY DIAGNOSIS.

MANY SUFFER FROM THIS DISEASE AND ARE NOT AWARE UNTIL TOO LATE.

The number of persons who are daily carrying around with them the germs of this most dreadful of all diseases are almost legion. The farther and farther the great scientist of the day progress in their investigations of these poisonous elements that are threatening to depopulate the earth, the more amazed and appalled they become at their startling discoveries. They, one and all, concur in the fact that the ordinary method employed by the average physician in waiting until some of the vital organs are attacked, is lamentably weak, and radically wrong. They strongly advocate the revolutionizing of the whole field of medicine as practiced today, for it is entirely too broad and complicated for any one mind to master. They recommend specializing each branch, for it is the specialist who devotes all his time to a particular class of conditions that produces results that is in keeping with the advancements and evolution of the world.

For the benefit of those who are interested in the subject, The Dr. Camp Medical Co. herewith presents a few of the many symptoms that are very indicative to the trained specialist that a nucleus of this disease is hidden away in some of the deeper structures of the body and only await a favorable opportunity to attack the Lungs or some other vital organ. This is what is called closed Tuberculosis or the masked variety. The early symptoms of this class of cases is a disturbance of the circulation of the nervous system of digestion and assimilation. The face frequently changes color; they are easily excited, are tired in mind and body, have little appetite, restless at night, bowels may act irregular, with irregular or painful menstruation in the female, associated with brittleness of the nails, dryness of the hair and skin; they become irritable with a very inconsistent pulse rising from 70 to 100 or more on the least bodily or mental excitement. A microscopic test of the blood and other secretions shows to the expert the unmistakable signs of tubercular destruction. Such cases if unchecked usually continue until a complete breakdown occurs when nature tries to eliminate the poison with a cough attended with all the pronounced symptoms of quick consumption. If the early history of some of the causes are inquired into, we find that some time in the past they had an attack of malaria which was in truth the beginning of Tuberculosis, the same applies to spells of pleurisy, and last, but not least, the after effects of the "Grippe," which is unfortunately a frequent cause. Tuberculosis of the throat, enlarged tonsils, the stomach, the bowels, and the enlarged glands of the neck are all varieties of this class of cases with varying symptoms according to the progress of the disease. Many cases present themselves with Tuberculosis written all over them, whose blood tests show they have reached an advanced stage of the disease unnoticed. This applies most especially to children and young adults. Another class of cases begins with a hacking cough or more or less catarrh of the nose and throat, with an occasional pain in the chest, inability to breathe deeply without coughing, loss in weight, indigestion, cold hands and feet, night sweats. The most important symptom in this class where there is no cough or hoarseness is loss of appetite, indigestion, brightness and enlargement of the pupil of the eye at times, particularly in the young.

The above are a few of the most prominent symptoms that should cause alarm of the existing evidence of the GREAT WHITE PLAGUE—CONSUMPTION, and if you have cause to believe that such a condition exists, or are in doubt, you should immediately seek the best medical aid obtainable ere you fill an untimely grave.

THE DR. CAMP MEDICAL COMPANY offers you the best there is in modern medical science for the cure of such conditions.

Their Famous Inhalatorium Treatment for Germ diseases has gained a wide reputation. Many come from a distance to avail themselves of this remarkable cure. Hundreds who had almost lost hope have been restored to health and are now happy and well.

TO THOSE WHO SUFFER. Without a knowledge of your true condition you are groping in the dark. RUMBLINGS OF THE RAIL

RAILROAD FORCES ROLLA, MO., TO COMPEL STUDENTS TO QUIT FLIRTING.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

By threatening to cause fast Frisco train No. 4 to pass through Rolla without stopping unless conditions at the depot were changed, Supt. O'Hara, of the eastern division of the Frisco, has forced the city council of Rolla to pass an ordinance taboing flirting and making eyes on the station platform.

Mayor Strobach, of Rolla, and Mr. O'Hara have joined forces in checking the practice. One order is that young men must not attract the attention of pretty girls on passenger trains.

Some of the means of attracting attention which the ordinance prohibits are the waving of hands, tipping of hats, calling and giving the college yell. The fine for violation is not less than \$5 nor more than \$25.

The ordinance does not apply to college yells upon the departure of classmates. These yells are supposed to be for the purpose of cheering the departing students and not to create an impression.

The school authorities have promised their assistance in enforcing the ordinance. Pretty girl passengers now smile and giggle as trains pass through Rolla, but the students are as meek as lambs.

A returning smile is all they can give, as the city marshal is spending most of his time at the station watching for violators of the new ordinance.

Fast Run on River Route.

Twenty-five cars of stock, consigned to the St. Louis market, were sent with lightning speed over the River district of the Missouri Pacific Sunday in a way never equalled before.

The cars made up an extra east-bound stock train. It came from Wichita, Kas., and had been delayed by a burned bridge. It had to be rushed to St. Louis at once.

Every train on the river route was held at the dispatcher's order. The train was started. It left Kansas City at 12:55 p. m. Sunday, and reached St. Louis at 10:40 o'clock last night. At 5:37 it passed through Jefferson City.

Conductor Small was in charge, while Engineer Hulland pulled the throttle of engine No. 94. The distance of 290 miles was covered at the rate of thirty miles an hour.

The run was the fastest ever made on the river route. Trainmen standing on a sidetrack gazed at the passing train with awe. But it reached the stock yards on time—all that company officials desired.

Fast Runs on the M., K. & T.

An M., K. & T. train, consisting of twenty cars of meat, in charge of Conductor Barhart, with Engineer Weer in the cab of the engine, made a speedy run from Parsons, Kas., to Sedalia in less than seven hours Sunday, and that, too, after the train had been delayed one hour and twenty-five minutes at Appleton City on account of a breakdown to the engine.

The train left Parsons at 3:50 o'clock Sunday afternoon. It reached Sedalia at 12:10 o'clock this morning. The distance covered was 160 miles and the regular running time is eight hours and one-half.

Another fast run made on the M., K. & T. Sunday was a stock train, carrying stock to the Chicago market. It left Parsons at 3:15 p. m. Sunday and arrived here at 10:15 o'clock last night. Conductor Norris was in charge, while Ed Lydick controlled the throttle.

SALOON THOUGHT NO. 124.

Just take your pencil and count up all the failures in business and how many firms have sold out, which means they were not making it go, and you will be surprised to find that almost SEVENTY-FIVE business houses have either failed or quit business in the last EIGHT YEARS, between Main and Broadway, on Ohio street.

Now, while you are figuring, just count the number of saloons that have failed in the ENTIRE city, and yet they manage to stay in business and pay 10 per cent of their collections to the city as a privilege of collecting our money and sending it to the millionaire brewers.

Now suppose our city was licensing THIRTY-TWO of the very best business concerns to the "soap clubs and catalogue houses" at a 10 per cent commission, you would know at once where to place the blame for so many failures in business, mortgaged homes, high taxes (as high as the constitution would permit) and just why collections are so hard, and just why so few houses are being built in Sedalia, etc.

And the strange thing is, that many fail to see that saloons are here in Sedalia because it is money to the brewers.

Compare our finances as a city (in debt \$200,000 and taxes as high as the constitution will permit, etc.) to the finances of the wholesale liquor dealers, breweries, saloon keepers, and just stand in our banks and watch the brewers' agents carry money in by the sack full and after him comes a BUSINESS man with a few paltry checks, and then think that we get many times worse than NOTHING for what the saloon keeper deposits in our banks, as the most of it goes to the breweries. You may still sneer at us on the streets and call us "cranks," "fanatics," etc., but the facts are ever present that bears every word of this out as the TRUTH.

A TAX DOGER'S REMORSE

FEARING DETENTION, KANSAS FARMER DROWNED SELF IN BLUE RIVER.

THE WAY OF THE TRANSGRESSOR IS HARD

James Clarke, of Marysville, Owner of Property Worth \$75,000, Failed to List Several Mortgages With the Assessor.

Marysville, Kas., April 19.—Fearing that the county assessor would find that he had not listed all his property for taxation, James Clarke, owner of three quarter sections of land in Marshall county, drowned himself in the Blue river near here Saturday night.

Clarke left a letter to his brother, Stuart Clarke, roadmaster for the St. Joseph & Grand Island railroad here, telling why he drowned himself.

Robert Shibley found Clarke's coat, hat, necktie and watch on the river bank Sunday morning. One coat sleeve was tied to a branch of a tree and the watch was fastened by the chain to another branch. Shibley came to town and notified Deputy Nester. Shibley and the officer returned to the river. Pinned inside the coat they found a sealed letter addressed to Stuart Clarke.

On the back of the envelope was this note:

"Go to church and never tell a lie; always keep employed as long as in good health and able to. I am in the river at this point. It is a horrible thought when a man comes to this. Never drink whisky."

In the pocket with the letter was \$270.42. The body was found in the river about fifty feet below where the coat was found. Clarke had tied his hands together with a handkerchief which was run through a button hole of his trousers. Clarke was a bachelor about 55 years old and is supposed to have been worth \$75,000.

About thirty years ago he was a section foreman for the Grand Island here. Later he was at the head of the construction department of the road. He then went to Texas and engaged in railroad work until he had money enough to live comfortably the rest of his life. He had been living here several years. Coroner Shumway decided that there was no need of an inquest.

In his note to his brother Clarke wrote that he went to Blue Rapids last Wednesday to buy a revolver. For two weeks he had carried a razor, expecting to kill himself, but his courage failed him and he decided to drown himself. He requested his brother to divide his property as best he could. He said that he had \$25,000 worth of notes and \$2,600 in cash, but had only listed what cash he had in the bank and one mortgage.

"The donors were the members of the local Sojourners' association, who boarded the vessel in a body. On the trowel was the following inscription:

"Presented to Brother Beecher B. Ray by the Masonic Sojourners' association of Manila, P. I., February 6, 1909, as a token of the affection and esteem in which he is held by the members."

"Austin Craig, of the Bureau of Education, made the presentation speech. A large bouquet of American Beauty roses was given Mrs. Ray."

THE HUSBAND OF A "WIDOW"

Bobbed Up and the Latter Day Saints Pastor Got a Divorce.

Wellston, Ohio, April 19.—Rev. Jerome Goodrich has been released from a peculiar matrimonial entanglement by a divorce.

Less than a year ago the pastor married a woman in Columbus, who, he thought, was a widow.

An anonymous letter was received by Mrs. Goodrich stating that her first husband was alive, and well in Michigan.

The wife knew the handwriting, and after a close investigation the husband, a Latter Day Saints minister, sued for divorce on the ground that his wife's first husband was living when the marriage was contracted.

Mrs. Goodrich returned to her home in Columbus after the receipt of the letter.

LOSES A \$250 DIAMOND

TWELFTH STREET JEWELER IN KANSAS CITY POORER BUT WISER.

WAS THE VICTIM OF VERY CLEVER RUSE

The Prospective Purchaser Used a Woman as a Go-Between and Escapes While Dupe Is Looking.

Kansas City, Mo., April 19.—By a clever stratagem, A. Bardin, a jeweler of 118½ West Eleventh street, was robbed Saturday of a \$250 diamond ring. From beginning to end there were no mistakes, and the police have absolutely no clue as to the whereabouts of Harry Paine, Jr., who is said to have accomplished the robbery.

Paine, representing himself to be a lawyer, rented desk room with the Old Line Life Insurance Co. in the New England building Friday forenoon, unpacked several legal volumes, and, apparently prepared to make it his permanent headquarters.

Miss Helen Bushnell is the cashier of the Old Line Insurance Co., and, unknown to herself, was at once brought into Paine's plan of action. He told the girl that he was a lawyer and handled many divorce cases for prominent people. This being the case, there would be times, he said, when his privacy could not be intruded upon, and she would be obliging him greatly if she would refuse to answer any questions concerning his business.

The matter of secrecy being provided for, he went to the jewelry store of Mr. Bardin and told him he was engaged to Miss Bushnell and looked over several costly diamond rings. Two rings were selected, one a diamond and the other a cheap gold band ring, and they were ordered sent up to the offices, collect on delivery.

"The money will be ready for you when you bring the rings," he told Mr. Bardin. "Don't be afraid of the money; I've got it all right, locked up in my safe, and as my girl is in the office with me I wouldn't mind if she saw me pay for the rings."

This argument seemed very plausible to Mr. Bardin and very similar to others he had heard. He did not fully trust Paine, however, and when the diamonds were to be sent he took them himself.

Paine then wrote a check for the required amount and offered it to Mr. Bardin, who refused it on the grounds that he had himself taken the diamonds on trial from the wholesale house and would be required to pay cash for them. Paine then stepped around the corner ostensibly to cash the check, taking the diamonds with him, and did not return.

Miss Bushnell was surprised when told that she had been alluded to by Paine as his fiancée.

"Why, I never saw the gentleman before in my life," she said. I never heard of him before he stepped into this office Friday morning and told me when he went into his office with Mr. Bardin that he was going to transact some of his divorce business."

The police have a full description of Paine, but they are of the opinion that he is now far from Kansas City and getting farther away every minute.

STOP A "SOUL-MATE" COLONY

Man Arrested Teaches There Is No Marriage in the Bible.

Menominee, Mich., April 19.—Menominee women are all stirred up over the proposition to establish a "soul mate" colony here, and to their indignation is due the arrest of Joseph Klopeck and the emphatic statement from Prosecuting Attorney Doyle that Menominee refuses to stand for any "affinity business" or to permit immorality in the city under the cloak of religious fanaticism.

Joseph Klopeck, the cause of the fuss, asserts that there is no such thing as marriage in the Bible, to which Prosecuting Attorney Doyle retorts severely that there is in Menominee. Four years ago Klopeck brought his "soul mate" from Chicago and they took up their residence in Birch Creek, several miles from the city.

Recently several Menominee wives called on the prosecuting attorney and informed him that their husbands desired to have their marriage vows annulled and after that had been done to take their divorced wives to Birch Creek and live according to the doctrines Klopeck had taught them.

FATHER BESTS THE SON

MORE THAN A YEAR'S SCHOOL WORK GAINED BY "VANATTA, SENIOR," AT M. S. U.

IN HONORARY SOCIETY AT COLUMBIA, MO.

A Vandalia, Mo., Farmer Sold Land to Attend the College of Agriculture and Has Made a Remarkable Record.

Columbia, Mo., April 19.—When Earl S. Vanatta, a junior in the college of agriculture of the University of Missouri, came to Columbia three years ago as a freshman he did not know that his father, a farmer of Vandalia, Mo., 46 years old, or just twice his age, would become so interested in his letters home about the agricultural course here that he would come to Columbia, enter the University and in less than two years "catch up" with him, but such has been the case.

Elmer E. Vanatta, or "Vanatta, Senior," as the students call him, has done more than "catch up" with his son. He has been so good in his studies that he has been elected a member of the honorary fraternity of his department, although his son has not been able to win that honor and has been here three years.

"Vanatta, Senior" was a student in the University of Missouri in 1883-4, but married a girl in Stephens college and did not finish his course. They returned to his home at Vandalia, Mo., and bought a farm. When Earl S. Vanatta, his son, had finished high school the father sent him to Columbia, the parent's alma mater, to take the agricultural course.

When Earl wrote home about the course here at the University the father could not stand the temptation, so sold his farm, moved to Columbia, bought property and entered the University. He obtained special permission to take extra work, and ever since he has carried a third more studies than the average student.

In his freshman year he made the highest grades in his class, and thus received the benefit of the extra credit for excellence of work. He was even excused from the examinations in chemistry, the hardest course the freshman "farmer" has to take, because of the high grades he made in the course. That was something no freshman ever did before.

Mr. Vanatta has always taken part in the student activities of his department, and holds several offices in the class organizations. He is popular with the other students. They did not require him to wear the regulation freshman cap, required of the other freshmen, out of deference, although he promised to wear one, like the other freshmen. He takes regular work in the gymnasium classes, and jumps, wrestles and takes cross country runs with the other students.

At first the students in the college of agriculture were awed by having a classmate as old as their fathers, but it soon wore off, and now they gather in his room to work out their problems and study together, just as if he were 18 instead of 46 years old. He has the advantage of them because of his experience as a farmer for several years, and they are glad of his advice in solving the agricultural problems that confront them.

He told them at the first class meeting that he desired to be treated just like the class students, although he was probably the oldest student in the University.

He is the owner of the "Farra House," where twenty-four of the agricultural students live and maintain a co-operative club. He constructed the house especially for the students and to this is due largely his popularity among them. They had been renting a house for three years and their lease had expired. He heard of their predicament and constructed a house especially for them at a cost of \$8,000, and now rents it to them cheaply. He and Mrs. Vanatta and their son also live at the house.

Mr. Vanatta is undecided as to what he will do upon graduation from the University. He has already had the experience that the other students will have to get and upon graduation will probably specialize in some line of agriculture and become a teacher.

MCDONALD WAS ARRESTED

For Shouting for Bryan and Sues for \$10,000 Damages.

Louisville, Ky., April 19.—Thomas McDonald, democrat, who shouted for Bryan in the midst of a big republican mass meeting in this city last October, and who was arrested, charged with disorderly conduct, has brought suit for \$10,000 damages against Robert J. Foster, acting captain of police. False arrest and assault is made the basis of the suit.

According to republican police officers McDonald's arrest was made as the result of an alleged disturbance created by him. His arrest is attributed solely to political feeling.

In his petition McDonald states that "Captain Foster attacked him and caused him to be taken to the station house under arrest."

DOES NOT KNOW HIS SIRE

FERDINAND PINNEY EARLE'S CHILD TURNS FROM HIM IN GREETING.

MOTHER AVOIDS HIM AT HOME IN PARIS

Artist's First Wife Departs When He Comes on a Visit—Will Not Contest Divorce Suit Instituted by Woman Cast Aside.

Paris, April 19.—Ferdinand Pinney Earle Saturday had a pathetic interview with his young son, who looked upon his face with unrecognizing eyes and listened dumbly to words he hardly understood.

It is said by those who know the artist that he would give all he possesses to regain the love of his child, but the little boy, a sturdy youngster, who resembles his father more than his mother, held back, shy and diffident, not knowing it was his father. The meeting was at the home of a friend of Earle's first wife.

Earle arrived in Paris last Friday under an assumed name, and succeeded in dodging reporters here. He has no intention of seeing his first wife (nee Mlle. Fischbacher), who lives with her father, keeper of a bookstore in the Rue e Seine.

Fischbacher and his daughter declare that any reconciliation is impossible, as well as undesired. But under the conditions of the divorce decree, Earle has a right to see his son at intervals. The mother will not be present at these meetings and will not see her former husband, and the friends of Earle say he will make no effort to see her. To a correspondent Earle said:

"I'm here only to see my boy and to get needed rest."

Earle keeps his address secret. He expects to remain in Paris only a few days. It is known he now considers he made a grievous mistake, repenting only too late, the folly that did not seem folly at the time.

Earle had not seen his son for nearly two years. He called at the home of some New York friends and was told that he could see his child. He asked to see it at once, and the child was brought to the apartment of a woman friend of Earle and his first wife by a nurse. The boy, now 4 years old, speaks only French, but he looks a typical American boy. Earle held out his hands to the boy, but the child turned away, afraid of the "stranger." Earle tried vainly to coax from him some sign of recognition, but they boy could not remember him.

Earle was deeply affected. Father and son remained long alone together. Then the boy was taken back to his mother and Earle returned to his hotel. He will remain here only a few days and soon will return to America.

He will not contest his wife's petition for divorce, but he will contest against and try to disprove her allegations that he was guilty of bigamy and was not mentally responsible.

HAVE A CLEAN-UP DAY

Children Gather Cans and Rubbish for League Prizes.

Leavenworth, Kas., April 19.—Thousands of school children Saturday scoured the streets, alleys and back yards of Leavenworth for tin cans and other rubbish, the Civic League having offered prizes for the largest piles accumulated during the day.

It was a general clean-up day and the city forces turned out with street washing tanks and garbage wagons and assisted in the work.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefitted by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion.—Arlington Pharmacy.

HAS WON ELEVEN MEDALS

John McGrath Will Now Have to Look to His Laurels.

Mr. Chester A. Kimball, of Lamonte, and Miss Ada Cooley, of Sacramento, Cal., were married at Kansas City Thursday, says the Lamonte Record.

Mr. Kimball is a young man who came here several weeks ago to take care of the farm of Mr. Baldwin, south of this city, who recently moved here from Illinois. Mr. Kimball has had several years of service in the United States army and navy. He has seen service in the Philippines and in the Boxer war in China.

During the past few years he has won eleven medals for expert marksmanship in competitive tests. He is recognized as one of the best marksmen in the United States. On account of eye trouble he has been compelled to leave the army for a time, at least, and came here to look after Mr. Baldwin's farm.

The bride is a daughter of the late Admiral Cooley, of the United States navy.

They will commence housekeeping at once on the Baldwin farm, south of this city.

Often The Kidneys Are

Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious trouble may develop.—Arlington Pharmacy.

Know What a Want Ad Is

It's a mistake to think that want ads are only used by people seeking employment—in locating lost articles—in renting houses and flats. These are but a few of their uses.

Read Democrat-Sentinel Want Ads every day as thousands are now doing—know what they mean. You will never neglect them when you do. It would be impossible to tell all the uses of Democrat-Sentinel Want Ads—you learn new things every day. For instance, unusual desires are quickly gratified by Democrat-Sentinel Want Ads. You may be the roommate some congenial person wants. Some one may have the books you want in exchange for the bicycle you don't care for. You can invest money safely. It's the place where they all meet for the good of all. Considering the few minutes it takes to carefully read them, there should be no reason for not reading Democrat-Sentinel Want Ads every day.

Atlanta, Ga., April 19.—James Strube has been sentenced to the city workhouse for two weeks on a charge of biting and pinching his 10-months-old baby.

JUDGE WOULD USE COWHIDE

Whole Family in Court on Charge of Intemperance.

Kansas City, Mo., April 19.—Said Judge Porterfield in the juvenile court to Robert Quade:

"If the law allowed me to cowhide you I would do it at this moment."

Quade, a plumber, of No. 1217 East Twenty-first street, was in court with his wife and three children. It was charged that even the children drank liquor, given to them by the parents, and that Mrs. Quade's father, John McCann, 60 years old and blind, was sent after the liquor, led by a child of 8.

The children were made wards of the court, the mother was told that her babies would be taken from her if she drank again and Quade told that liquor meant the workhouse.

DROP OF WOMAN'S BLOOD

IS ALLEGED BY EMMA BAKER TO HAVE CAUSED DEATH OF WM. ANDERSON.

DIED ON THE SAME DAY HE WAS MARRIED

Woman Says She Was In Love With the Man, But the Authorities Believe That She Is Mentally Unbalanced.

Pittsburg, Pa., April 19.—Emma Baker, 24 years old, of Northeast, Erie county, asked to be arrested Saturday, declaring she believed she had caused the death of William Anderson at Northeast about ten months ago by administering a philter to him in a cup of coffee.

She was held over by Magistrate J. J. Kirby to await an answer from the police authorities at Northeast. The woman went to the police station shortly after 6 o'clock and told Capt. Joseph Murray she wanted to make a confession to him.

"I poisoned a man I was in love with at Northeast," she said, "and want to give myself up."

She told the police captain she inflicted a wound in her breast and extracted a drop of blood which she put in a cup of coffee, unknown to William Anderson, and gave it to him to drink. She told the police judge that Anderson died about ten months after he drank the philter from blood poisoning.

The woman declared she worked for Anderson as a servant and became infatuated with him. She thought by administering a philter to him he would return her affections. She said the philter failed.

The woman came to this city after Anderson's death and has been working at the University club in Oakland.

From Northeast it is learned William Anderson, a well known man, died suddenly during November, 1907, on the same day he was married. Death, it was said, was due to blood poisoning caused by alleged excessive cigarette smoking. Miss Baker is not known at Northeast.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints, causing rheumatism. Arlington Pharmacy.

TREE HOUSES OF THE PAPUANS.

Cool and Clean, But Not Built for Somnambulists.

The famous tree houses of Papua are rapidly disappearing before the march of civilization and settlement in the colony.

The tree house—a neat and well built habitation, placed at an enormous height among the branches of a forest tree and reached only by a swinging ladder—was primarily intended as a refuge from enemies. Now, however, that the government has brought the wild tribes under control the native prefers to live in a house that demands less skill in construction.

There are still many tree houses to be seen, though few or none are being built. In the northeastern district of Papua (where much valuable sugar, rubber and coconut land lies ready for taking up) the government officials on their regular tours of inspection often sleep at night in the house of some hospitable native village constable, who draws his ladder up at sundown to a doorstep 80 feet high in the air.

These tree houses are exceedingly cool, clean and picturesque, with the roofs of native made thatch and walls and floors of wattled boughs.

KILL A CAT? WELL, HARDLY

"Not When a Police Shake-Up's Due, Madam; It's Bad Luck."

Kansas City, Mo., April 19.—"Hello," said Captain Casey, at the Flora avenue police station, as he took down the telephone receiver. "What is it?" "Is this the captain?" a woman asked. "I wish you would come out to Twenty-ninth street and Park avenue, please, and kill out cat. It's hair is all coming out."

"Not much," replied the captain. "I'd walk around the block to keep from meeting a cat."

"Sorry, madam, but you know to kill a cat means bad luck and the police department is due for a shake-up right now. I'll send a man out for the cat as soon as everything quiets down."

LOVES HER BOY HUSBAND

THE BRIDE OF 64 YEARS SAYS ONE IS NEVER TOO OLD TO GET MARRIED.

MEN CAN BE COAXED BUT CAN'T BE DRIVEN

Never Jealous of 19-Year-Old Turner Who Smokes and Stays Home Nights, Unless He Goes to Meeting of His Lodge.

Columbia, Mo., April 19.—Mrs. Turner Acton, a white-haired bride of 64 years, believes in coaxing her husband—who is 19 years old and smokes cigarettes—when there is likely to be any disagreement in the household. "Men can be coaxed, but they won't be drove," is her philosophy of wedded life.

There's a good deal of the girl still in Mrs. Acton, as she herself confesses. One never gets too old to marry, she says, if one is really and truly in love. Age doesn't make a bit of difference.

Turner met Mrs. Acton, who was then Mrs. Sarah Anne Montamat, while both were employed in a farm home. Turner was a nurse, while Mrs. Acton kept house. Three weeks ago they decided to get married and today they are moving into a little home of their own in the northwest part of Columbia. Since their marriage they have been rooming at 501 West Broadway, the home of Turner's aunt.

"Indeed they do love each other," said Turner's aunt. "They carry on sometimes just as if she were Turner's own age. Turner is mighty good to her, and she's as nice as she can be. I'm sorry they're going to leave. Mrs. Acton is a good com-

CONSTIPATION

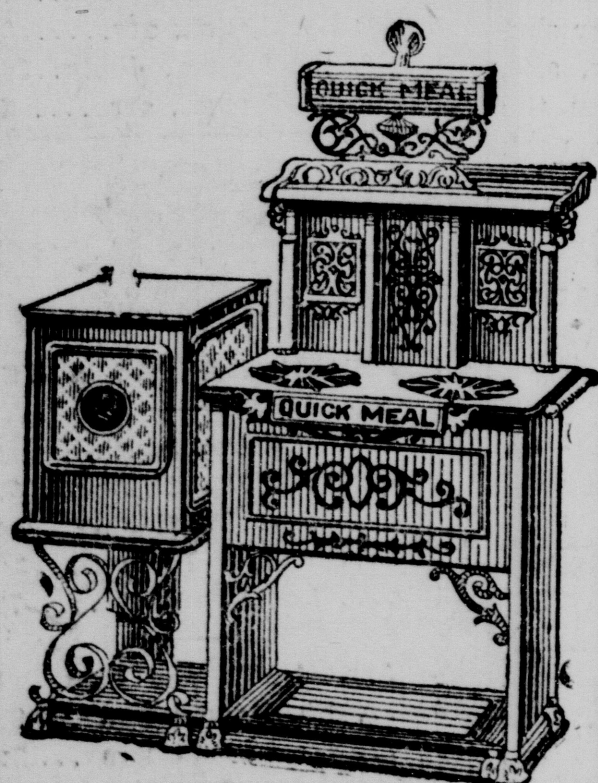

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets, I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity."

GIRL STENOGRAPHER RAN

Albert Forney and Wife Quarreled and He Shot Himself.

Wichita, Kas., April 19.—The mystery surrounding the shooting of Albert M. Forney, vice president of the Hockaday Paint Co., has been cleared up by Miss Mattie Maffit, stenographer for the firm.

She says the shooting was the result of a quarrel between husband and wife because Mr. Forney was jealous of her. According to the story she told the coroner, Mr. Forney loaded the revolver in the view of the women and remarked that either he or Mrs. Forney must go.

"Mrs. Forney told him to shoot himself if he wanted to," said Miss Maffit. "Then he pulled the trigger and I ran from the store."

He was caught over a year ago in Estill county and returned here, and at a previous trial there was a hung jury.

The verdict was a compromise, some of the jury being for acquittal.

ATE THROUGH A TUBE

Hospital Patient Finally Succumbs to Effects of Draft of Lye.

St. Louis, Mo., April 19.—After receiving nourishment through a metallic tube leading to her stomach four weeks, Mrs. Anna Davis, of Mount Olive, Ill., died at the City hospital Saturday from the ultimate effects of an accidental draft of lye.

Mrs. Davis, who drank part of a glass of lye by mistake, rallied and as her throat was paralyzed, preventing her from swallowing food, the tube was inserted by an operation. It was hoped for a time she would recover. She was 30 years old, and the wife of a young farmer.
